This is where YOU come in. We are the Team Builders

Regain your Quality of Life:

Mentally, Physically and Financially

This "IS" a Business to Create Unlimited Residual Income!

The \$39.95 per month Breakdown:

HealthyNULiving is making sure that they are in Compliance to the Laws and Regulations of Business in the Network Marketing Field. There must be a Product or Service to be a Legal Online Business. This will help you understand the reason for the monthly cost of being a Partner and not just a Customer. Free Members "can not" enroll FREE Customers and "can not" receive any income generated in the Matrix. It doesn't make sense to "not" Upgrade to Partner Status.

The \$39.95 Start-Up cost is the first monthly payment (out-of-pocket) to enroll as a Company Partner. The next payment is at the monthly anniversary of your Business cost and is held back from your earnings from your back-office to cover the next payment (Top-Ups may be required at the beginning)

What do you get for your \$39.95? Out of the \$39.95, you receive a \$25 Purchase Coupon for the purchase of any Product you wish to Subscribe to. That makes your monthly Business cost become an actual \$14.95. You are now "NOT just a Customer but also a Partner. This generates continuous Product sales for Personal use, Presentation or Gifting.

As a Partner, You receive additional income from the above standard Matrix Royalties, Since you get a 20% commission from your Team purchases. You also receive more income from the 50% or 100% Matching Bonus feature of your Team Partner earnings. You receive a 20% commission on ALL your Personally enrolled Partner purchases PLUS ALL your Personally enrolled Customers, which is easy since Customers can enroll for FREE.

Continued:

Included in your \$39.95mth Business Investment is: the Online Marketing System, Training, Accounting, Bookkeeping, Valued Personal Website and monthly Hosting, Administration, Enrollment Links, Promotional materials, Down-Line Mailer, Testimonials, Referral Links, News Letters, 20% and 40% Discount Codes "above" the already, Wholesale Prices and a "Bonus" Payment method using our Company honored, Pay Quicker Visa Card. Payments are made "Daily" and every day of the year.

There is additional Bonuses and Product Incentives to those who are productive. It's important to get at least 2 Personally enrolled Partners. This gives you \$30 (\$15 each) as a Fast-Start Bonus and 50% Matching Bonus of what they earn. One personally enrolled Partner pays you \$15 which covers the actual \$14.95 cost of your monthly subscription (remember the monthly \$25 Purchase Coupon). Now 4 Personally enrolled Partners bring you to \$60 and a 100% Matching Bonus from your Personally enrolled Partners throughout the 2 x 10 Forced Matrix.

HealthyNULiving also has a Pay-It-Forward feature to add a Random-Act-Of-Kindness Entity. People-Helping-People. You can provide a future Residual Income to someone that can not afford it by "Gifting" them a Business to provide a humble future for them and their families. This Business is also "Will-able" to pass on to your family forever.

HealthyNULiving

We provide the opportunity to build a future in over 119 Countries with our Inception beginning Mid-January, 2022. You are "already" at the Top!

For \$39.95 (\$14.95 plus \$25 worth of Product per month), you become an Independent "Work-From-Home, Business Owner. Your Work is Simple and Easy. You just need to connect to others by your Mobile Phone, Computer or Tablet. No going out and wasting gas or time.

What Better Can This Be?

“NETWORKING BUSINESS”

Income-tax Breaks

One of the advantages of owning a business, are the “business & personal” tax breaks that are written off your income at the end of each year. There are many tax breaks you can apply for in a “traditional business”, but there are many more “personal” advantages with a “**networking business**”. A networking business has a blanket of tax breaks that are not part of a “traditional business”.

Networking is a business where almost everything you do is part of your investment expenses. You are networking with everyone you talk to, email to and link to. Everywhere you go, you will be seeing potential prospects. Commuting to see them, buying meals, drinks, entertaining them, training them, giving them tools to work with, etc.

Finding an accountant that understands the difference is the key. They must understand the style of a networking business and the way a “network marketer” works. For you, keeping receipts for your expenses will give you a great savings at your year end.

Some examples are:

- Accommodations – rent, mortgage, taxes, insurance, repairs, etc
- Home expenses – hydro, home phone, heat, TV, radio, yard work, cleaning, etc
- Technical expenses – mobile phone, internet, computer, repairs, etc
- Travel expenses – flight, rentals, meals, accommodations, clubs, etc
- Vehicle expenses – cost, lease, fuel, insurance, repairs, cleaning, etc
- Legal expenses – drivers license, stickers, passports, etc
- Entertainment costs – food, drinks, movies, rentals, concerts, conventions, etc
- Stationary costs – paper, printer, notebooks, pens, files, office area, furniture, etc
- Tool expenses – CD’s, books, DVD’s, pamphlets, flyers, cards, postage, etc
- Training expenses – CD’s, books, DVD’s, forms, open’s, seminar’s, etc
- Business costs – accounting, parking, advertising, etc
- Clothing expenses – suits, dress, hygiene, jewelry, cleaning, etc
- Maintenance costs – massage, health club, fitness club, etc
- Association costs – memberships, donations, support groups, etc
- Medical expenses – dentistry, wheel chairs, walkers, shoes, etc
- Incentive costs – gifts, parties, wine and dine, association, etc
- Education expenses – courses, certificates, books, self-improvement, etc
- Gift Carding – miscellaneous buying, buy using gift cards not cash

There are so very many income-tax break’s available for a “**network style business**” that this list can go on and on. A networking business is designed to supply an ongoing residual income that will continue, so you can see how these tax breaks can assist you into early retirement.
