

Potential Donation Income Summary

Note: Stage upgrades are automatic and are paid only from your profits and not out-of-pocket! They do not pay up until you actually have the profits received first. Two of the payments you receive will go upline to the person qualified for that Stage. Example: Stage 6 - the automation system will pay up two payments of \$1800 for you to receive 64 payments of \$1800. Not a bad trade-off!

- **Stage 1** - You donate \$90 worth of Ethereum to the person directly above you and you will receive \$90 worth of Ethereum donation from two members landing on your first level (that's \$180 in total donations). You do not receive any "donation profit" on this level since our "automatic upgrading system" will finance your Stage 2 with your newly donated funds.
- **Stage 2** - The "automatic upgrading system" sends \$180 worth of Ethereum donation to the person two levels above you, this allows you to receive \$180 worth of Ethereum donations from the four members on your second level when they upgrade to Stage 2 (that's \$720 in total donations). Potentially: Your donation income can be over 4 Million United States Dollars (monthly)

All you need to do to generate an income from this program is to enroll 2 members and teach them to enroll 2 members. That's It!

Note: You will be donating \$90 every month out-of-pocket to stay in the matrix. To get it free - you need one recruited member under you. This will only keep you in the matrix for free each month if the member pays up monthly. If you want to make money "and" get it free - you need a minimum of 5 members below you in your matrix. This makes you monthly commitment free from out-of-pocket and places you in a position of generating your income for life and it's not that hard to do at all.

The donations paid forward and received are all 100%, "NOT" 70% or 30%, they are 100%. It's for this reason that the program should "never" be classed as a Multi-Level-Marketing System. We are a Crowd Funding (Rally) Platform. We use Crypto Currencies as our "form of payment" only. This is not an investment program. This is a "pay-it-forward" donation Platform. The program is designed for building a large amount of money from many small donations which all go to our Company and our very own Personal "Cause's" and "Crusade's". We "promote" our program, we do not sell it. It's that simple!
